

XXV International Symposium on Solid State Dosimetry

September 23-26, 2025

Centro de Desenvolvimento da Tecnologia Nuclear (CDTN/CNEN)
Belo Horizonte - Brazil

Pre-Symposium Courses

September 22, 2025

Explore nuclear energy and radiation advancements at ISSSD,
uniting global experts in medicine, industry, and research

Organization

Promoting and Participating Entities

XXV International Symposium on Solid State Dosimetry

September 23-26, 2025

Subject Areas

Application of thermoluminescence (dosimetry, dating, industrial, etc.)

Dosimetry (environmental, personal, internal, external, computational, etc.)

Ionizing and non-ionizing radiation

Medical Physics

Radiation Protection

Radiation Sources

Radiobiology

Luminescent Materials
